Release Notes 6/17/2021

This Product Release Notes announcement for Wex Telematics Enterprise customers includes updates for the portal.

Portal

Vehicle Input History

You can now set up devices with inputs to track assets like PTO (Snowplows, Booms), Lights, and more. If you have vehicles with inputs set up, you can track input history on your map, alerts, and reports!

The following devices can be set up with inputs:

- GPSI-5000s

- GPSI-4100s

- GPSI-4000s

- GPSI-3900s

- AT-3000s

For more information on managing inputs, see the following articles:

- Managing Vehicle Input History

- Using Trip History and Location Playback

Bug Fixes

Bug Fixes & Enhancements

- Bugs were fixed for the Portal and Map.

- UX enhancements were deployed.
